12. How to Read This Dossier

This document is a factual streamlining of available intelligence. It is not an endorsement, prediction, or judgment. Gaps in data are explicitly stated to prevent misinterpretation of partial information. All data is time-stamped as per the 'Last Updated' header. Confidence refers to the integrity of the collection process, not project success.

13. Intelligence Shifts

• **January 14, 2026**: Detection shift detected.
Initial intelligence capture and baseline synthesis. (Impact: Fragmented Signals Established)
